Jaguar Mining Sets New Date for Annual General and Special Meeting

Toronto, May 15, 2020 – Jaguar Mining Inc. ("Jaguar" or the "Company") (TSX: JAG) announces that, after careful consideration, it has decided to postpone its annual general and special meeting of shareholders (the "**Meeting**") to July 30, 2020. A new Notice of Meeting and Record Date will be filed on SEDAR at www.sedar.com.

As a result of the COVID-19 pandemic, the Company has elected to postpone the Meeting, which was originally scheduled for June 30, 2020. As such, the Company has not yet filed its executive compensation disclosure, which will be filed and delivered to shareholders as part of Jaguar's management information circular relating to the Meeting (the "**Circular**"). The Company is relying on the temporary blanket relief provided by the Canadian Securities Administrators, including the exemptive relief contained in Ontario Instrument 51-504 – *Temporary Exemptions from Certain Requirements to File or Send Securityholder Materials* of the Ontario Securities Commission, to extend the deadline for such disclosure to coincide with the filing of the Circular.

Due to ongoing concerns related to the spread of COVID-19, and in order to mitigate potential risks to the health and safety of its shareholders, employees and other stakeholders, Jaguar is, for the time-being, encouraging shareholders and others not to attend the Meeting in person. Instead, shareholders should vote their shares prior to the Meeting as per the voting instructions that will be set-out in the Circular and listen to the Meeting online by way of a live audio conference call. Shareholders will be able to ask questions of management through the conference call at the end of the Meeting.

Further details with respect to the conference call will be included in the Circular. Notwithstanding the foregoing, the Company will continue to monitor conditions in light of COVID-19 and the changing expectations and restrictions on the number of people who can safely congregate and reserves the ability to alter the format and conduct of this year's Meeting based on changing conditions.

Forward-Looking Statements

Certain statements in this news release constitute "forward-looking information" within the meaning of applicable Canadian securities legislation. Forward-looking statements and information are provided for the purpose of providing information about management's expectations and plans relating to the future. All of the forward-looking information made in this news release is qualified by the cautionary statements below and those made in our other filings with the securities regulators in Canada. Forward-looking information contained in forward-looking statements can be identified by the use of words such as "are expected," "is forecast," "is targeted," "approximately," "plans," "anticipates," "projects," "anticipates," "continue," "estimate," "believe" or variations of such words and phrases or statements that certain actions, events or results "may," "could," "would," "might," or "will" be taken, occur or be achieved. All statements, other than statements of historical fact, may be considered to be or include forward-looking information. This news release contains forward-looking information regarding, among other things, the expectations of management with respect to the anticipated timing, format and conduct of the Meeting, the success of exploration, development and mining activities. The Company has made numerous assumptions with respect to forward-looking information contained herein, including, among other things, assumptions set forth in the AIF and the Company's most recent management's discussion and analysis, as well as other public disclosure documents that can be accessed under the issuer profile of "Jaguar Mining Inc." on SEDAR at www.sedar.com. Forward-looking information involves a number of known and unknown risks and uncertainties, including among others: the risk of Jaguar not meeting the forecast plans regarding its operations and financial performance; uncertainties with respect to the price of gold, labour disruptions, mechanical failures, increase in costs, environmental compliance and change in environmental legislation and regulation, weather delays and increased costs or production delays due to natural disasters, power disruptions, procurement and delivery of parts and supplies to the operations; uncertainties inherent to capital markets in general (including the sometimes volatile valuation of securities and an uncertain ability to raise new capital) and other risks inherent to the gold exploration, development and production industry, which, if incorrect, may cause actual results to differ materially from those anticipated by the Company and described herein. In addition, there are risks and hazards associated with the business of gold exploration, development, mining and production, including environmental hazards, tailings dam failures, industrial accidents and workplace safety problems, unusual or unexpected geological formations, pressures, cave-ins, flooding, chemical spills, procurement fraud and gold bullion thefts and losses (and the risk of inadequate insurance, or the inability to obtain insurance, to cover these risks). Accordingly, readers should not place undue reliance on forward-looking information.

The forward-looking information set forth herein reflects the Company's reasonable expectations as at the date of this news release and is subject to change after such date. The Company disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than as required by law. The forward-looking information contained in this news release is expressly qualified by this cautionary statement.
